| Walkie Talkies | Pete reviewed the use of the walkie talkies. One is carried by the leader and one by the sweep. We use channel 7, subchannel 22. The light in the upper left has a lock symbol that locks the channel. Hold button on the side to talk and release to listen. Needs to be taken home and recharged every week or so. We have 2 for each level and Orientation hikes. | | Hike Leaders. |
